

Riebeek Kasteel Farm Road Trail:

The Riebeek Kasteel farm road cycle trail starts at the Riebeek Valley Tourism office. There is ample parking in the centre. Travel down the Main Street past the Royal Hotel, Short Street (great places to refresh on your return), and the imposing Dutch Reformed Church, until you reach the stop sign at Hermon Road. Turn right, and ride to the village edge. From here turn left and there is a quick downhill section on the provincial road (R46) in the direction of Hermon. Take care of traffic on this part. When you reach a sign indicating Delsma Farm, turn left onto the sand road and shortly you will travel over the railway line – check properly, it is in use!

Keep on this road until just past Delsma, where there is a left turn signed Rooihoogte. Take this and ride until a row of labourers’ cottages and grain silos; just beyond, at a crossroads, turn left towards the ‘green structure’. Stay on this road until just beyond Delico, where you once again turn left towards Riebeek Kasteel. Once over the railway line you will pass Riebeek Cellars on your way back to the tourism office. Enjoy the wonderful views of seemingly endless wheat-fields and Kasteelberg.
